Houston Healthcare's Pavilion Diagnostic Center Mammography Department Receives National Recognition

Houston Healthcare's Pavilion Diagnostic Center Mammography Department recently competed in the National Consortium of Breast Centers Abstract Program at the 32nd Annual Interdisciplinary Breast Center Conference in Las Vegas, Nevada.

Hundreds of organizations nationwide submitted abstracts in three categories: *Breast Center Operations, Administration and Programs; Patient Care and Support; and Breast Center Diagnosis and Management.* The entries were then peer-reviewed by a committee to be selected for presentation at the Conference.

The Pavilion Diagnostic Center Mammography Department was selected as the Abstract Award Winner in the *Breast Center Operations, Administration and Programs* category. Their abstract — *Journey to a Breast Center of Excellence: Creating a High-Risk Program in a Rural Community Imaging Center* — detailed the processes

used to decrease the turnaround time of radiographically positive screening mammograms to breast cancer diagnosis from upwards of 30 days to a period of seven to 11 days.

Members of Houston Healthcare's Breast Care Team displayed the abstract on an eight-foot poster during the poster reception while **Kendra Brown, BSRT(R)**, Manager of the Pavilion Diagnostic Center, presented the details and data to conference attendees.

The Pavilion Diagnostic Center, along with Houston Healthcare-Perry, has also

been designated a *Breast Imaging Center of Excellence* by the American College of Radiology (ACR). The ACR Breast Imaging Center of Excellence designation signifies that these Houston Healthcare facilities provide essential breast imaging services to our community at the highest standards of the radiology profession.

"Our outstanding team has developed a unique, compassionate, comprehensive and personalized approach to assisting our patients through the entire breast imaging and breast care process. It's an honor to be recognized nationally."

Lori Armstrong, DO, Lead Interpreting Breast Radiologist at Houston Healthcare

Houston Healthcare's Speakers Bureau

Empowering You to Get Well, Stay Well and Live Well

As part of our commitment to improving the health and wellness in the communities we serve, **Houston Healthcare** offers a comprehensive *Speakers Bureau* – comprised of physicians, medical personnel and other staff within our organization available to discuss a variety of topics with relevant health and wellness.
