

# Physician Verification Letters

---

Houston Healthcare utilizes a website to provide you with hospital affiliation letters for physicians, podiatrists, dentists and allied health professionals.

[Click here](#) to log in to affiliation letter portal.

Follow the instructions for new users. Once login and password are established, enter and proceed to search for provider. Locate provider and select name for producing a verification letter.

Houston Healthcare will no longer provide individual verification letters for a provider who can be verified through the website. Requests received for such will be returned to the requesting entity. **Therefore, please check the website before sending a verification request.** If the practitioner is not listed on the website, please feel free to email [medicalstaffoffice@hhc.org](mailto:medicalstaffoffice@hhc.org) or fax 478-975-6914 your request.

If you are requesting information for interns or residents, please contact the Medical Education Office at (478) 542-7815 or email [medicaleducation@hhc.org](mailto:medicaleducation@hhc.org).

Please note, effective 11/01/2022, Houston Healthcare combined the medical staff for our Warner Robins and Perry locations, so you may receive one letter and possibly two different initial dates.

Thank you in advance for your cooperation.
